WORK EXPERIENCE

LIFE Pharmacy – Dubai, United Arab Emirates

City: Dubai | Country: United Arab Emirates

Sr. Android Developer

[08/05/2022 – Current]

Mobile Application

1. [Life Pharmacy](#)

I lead the **end-to-end development, optimization, and maintenance** of the Android application, improving performance and increasing Play Store ratings from **3.1 to 4.7**, achieving **1M+ downloads**. I manage app deployments for **Google Play Store** and **Huawei AppGallery**, handling submissions, compliance, and publishing. My role involves developing new features, fixing bugs, integrating third-party SDKs, and collaborating with **stakeholders** to translate business needs into features while ensuring security, performance, and best coding practices in an **Agile** environment.
